## ■ Features and Benefits

**1 Hour Holding Time** – Double the shelf life of coffee in glass pots.

**Thermal Coffee Storage** – By eliminating warming plates, coffee quality improves dramatically.

**Fast Pour Lid** – Redesigned lid allows coffee to be poured twice as fast as previous models.

**Works with Multiple Brewers** – Curtis Thermal Pour Pots fit beneath Curtis Alpha and BUNN Axiom brewers.

**Durable 1.2mm Double Wall Stainless Steel** – Sturdy construction won't break when bumped or dropped.

**LED Lights** – Red, yellow and green LEDs indicate coffee's freshness.

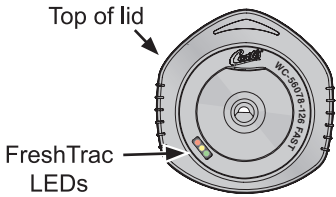

**Low Level Alert** – Yellow LED flashes when less than 24 oz remains in pot.

**Replaceable Lid** – Lid is easily replaced after battery is depleted.

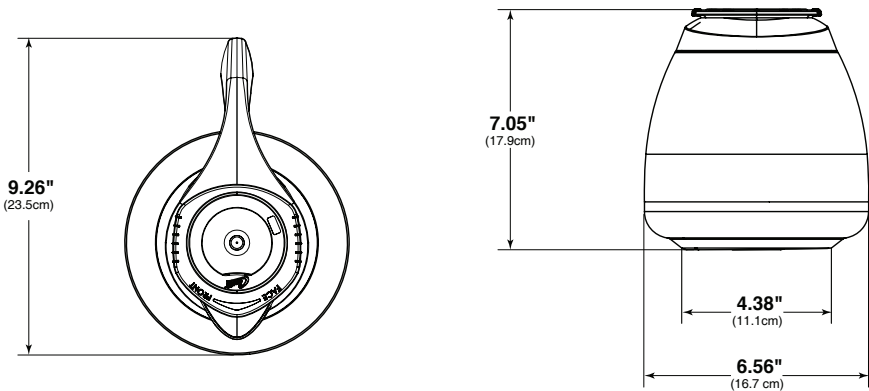

**Orange Decaf Lid** – Easily denote decaf from regular coffee.
