

Chill-X Frozen Beverage Machine

CFBX2
Twin Frozen Beverage Machine
With Two 3.0 Gallon Bowls

Features

Product Options - In addition to traditional frozen beverages, the Chill-X can serve dairy-based and alcohol-based products.

Digital Control Board - Features an innovative digital display that indicates temperature of the beverage and machine settings at the touch of a button.

Preventive Maintenance Reminder - The control board can signal the need for periodic maintenance on key components. Reduces downtime and ensures top performance.

Zero Side Clearance Space - The Patented Ventilation Design allows for air to flow from front to rear, eliminating the need for any side clearance. Maximizes precious counter space.

Front Hinged Lid - No need to remove the lid, simply lift to add product.

Patented Quick Defrost Mode - 75% faster than thawing at room temperature to avoid long defrosting times.

* Optional Auto-Fill Kit (WC-100254K) available.
