Curtis GemX Narrow

The fully automated Curtis GemX Narrow saves you precious counter space without sacrificing how much coffee you can offer your customers. The space-saving design is the same width as our GemX Single brewer, but the new compact dispenser design allows for increased coffee options without taking up more space. Doubling your coffee offering while saving space is a win for both you and your customers.

Curtis®

the art of brewing

Big volume, small footprint, trusted brand.

The GemX Narrow design is perfect for businesses that see a lot of foot traffic and need coffee readily available to meet surging demands with limited counter space. Operators will benefit from our brewer's ability to dispense quickly and brew continuously. The 10.5" width design allows operators to double their coffee offerings without taking up additional counter space.

Features

Save Valuable Counter Space – Double your coffee offerings without taking up additional counter space. One warmer stand holds two 1.5 Gal dispensers.

Quick and Easy Updates – Software and recipe updates take less than 30 seconds through the USB port.

Reduce Waste – Supports smaller batch sizes for non-peak hours.

Preloaded Recipes – Simplify the installation process by choosing from our preloaded recipes. No calibration required.
User Friendly – Simple and easy to use for both operators and customers.

Freshness Digital Indicator – Digital quality control indicators help maintain the quality of the coffee by removing any guesswork.

Parts Commonality – Uniformity of components allows our existing service partners to cross over and support new models with a minimal learning curve.

Best in Class Warranty – GemX Narrow is backed by a three-year parts and labor warranty on the digital control board and touch screen. All other components are supported with a two-year parts and labor warranty. See warranty statement for full details.
